1. Payment of the remuneration

1.1.1. According to Section 20(2) of the Copyright Act, the remuneration specified above is payable by the manufacturer of the blank audio or visual recordable media, or, if the audio or visual recordable media is manufactured abroad, it is payable by the person liable to pay the customs duty or, if no customs duty is payable, it is payable by the person importing the recordable media and by the person placing the recordable media on the market (they shall be jointly and severally liable for the payment). The remuneration shall be paid to Society ARTISJUS Hungarian Bureau for the Protection of Author's Rights within 8 days of the completion of customs clearance, or, if no customs duty is

payable, from the day the product is placed on the market or from the day it is put in a warehouse for the purpose of placing it on the market, whichever is earlier. All domestic distributors of the product have joint and several liability for payment of the remuneration.

1.1.2 The remuneration shall be paid for media marketed in Hungary or warehoused for the purpose of being marketed in Hungary, irrespective of whether such media were previously marketed abroad, and whether the fee prescribed the law of the foreign country and similar to that stipulated in this Tariff Announcement.

1.2 If all of the following conditions are met, during the effective period of the Tariff Announcement, the remuneration payable may be reduced, but only if the requirement of equal treatment is met. The manufacturer of blank recordable media, the person liable to pay the customs duty (if the media are manufactured abroad), the importer or the person first placing the product on the market (if no customs duty is payable) shall be granted a reduction of the remuneration if

a) they have fully complied with their data reporting obligation specified in Chapter II, Section 2 of this Tariff Announcement and on the basis of Section 22(1) of the Copyright Act regarding all blank recordable media which they have manufactured, imported or placed on the market;

b) they do not have outstanding remuneration debt;

c) they have fully complied with the terms of the trademark licence described in Section III hereof and of the tariff announcement of ARTISJUS, series “Ü”, regarding each sticker with a security hologram;

and they conclude an agreement with ARTISJUS on the use of rebate and the obligations undertaken in consideration of that.

1.3 An agreement on remuneration rebate may only be concluded with national interest representation organisations if the organisation provides a security for the remuneration payment obligations of its members (i.e. the persons required to pay the remuneration) and/or if the organisation collects the data required for the assessment/payment of the remuneration payable by its members (with proper evidence available to support the data) and forwards such data to ARTISJUS and/or if the organisation assumes the remuneration payment obligation in whole or in part.

1.4 The remuneration rates specified in this Tariff Announcement are not subject to VAT.

1.5 If the payer of the remuneration falls into delay with the remuneration payment, the statutory default interest set out in the Hungarian Civil Code is calculated from the day after the due date of the remuneration set out in Section 1.1.

1.6 Remuneration claims expire after the lapse of five years from their due date. In relation to any obligation set out in this Tariff Announcement, the limitation period shall be interrupted by a notice sent to the user regarding the remuneration, a notice instructing the payer of the remuneration to pay the remuneration or a notice instructing the payer of the remuneration to supply data, as well as any notice sent by the payer of the remuneration to ARTISJUS. The limitation period is suspended until ARTISJUS becomes aware of the fact that results in a remuneration payment obligation.

2. Data reporting obligation

2.1 Manufacturers of blank recordable media, importers of such goods without a customs duty payment obligation or the first domestic distributor of the imported goods shall disclose to ARTISJUS the data required for the collection of the remuneration in accordance with Section 20(2) of the Copyright Act. The person required by law to pay customs duty for the import of the blank recording media shall present to ARTISJUS the customs documents certified by the Customs Authority. The person importing the blank recordable media without the obligation to pay customs duty or its first domestic distributor is obliged to present to ARTISJUS the invoice, issued to the name of such person as customer (certifying the purchase), indicating the number of units of the recordable media and the size of their storage units, or, if the invoice does not indicate the number of units of the recordable media and the size of their storage units, then, in addition to the invoice, another certified document (or its copy) indicating these data.

2.2 If the data disclosed by a person subject to the reporting obligation is defective or incomplete, or the person is unable to support the data indicated therein with proper documents (such as with import customs documents certified by the Customs Authority or with an invoice or other document), ARTISJUS shall establish the remuneration payable based on available data. If the size of the storage unit based on which the remuneration for the recordable media is to be calculated is not included in the data or is not certified, ARTISJUS shall establish the payable remuneration on the basis of the highest storage unit size applicable to the given recordable media as per Chapter I.

2.3 Persons required to make declarations or provide data must disclose information about the sources of supply of the blank recordable media and other distribution data at the request of ARTISJUS. If the person required to disclose data fails to comply with the obligation (or only complies with it in part), he or she shall pay a flat-rate cost for the blank recordable media equal to the remuneration calculated on the basis of this Tariff Announcement (Section 22(2) of the Copyright Act).

3. Exemptions from remuneration payment

3.1.1 For the exemption specified in Section 20(3) *a*) of the Copyright Act, the following documents shall be submitted as certification of exporting:

3.5.3 ARTISJUS shall refund the remuneration within 60 days from the date of submission of the complete documents specified in Sections 3.5.1 and 3.5.2.

Persons applying for exemption under Section 3.3, 3.4 or 3.5 shall inform ARTISJUS in respect of which blank recordable media they intend to verify the applicability of the exemption (they shall specify as a minimum the quantity and the type of media).

5. *Interpretation:* Where this Tariff Announcement defines the due date in days, such days shall mean calendar days.

III Proof of remuneration payment

1. Trademark licence

In connection with the enforcement of remuneration claims regarding recordable media concerned by this Tariff Announcement, ARTISJUS grants a non-exclusive and non-transferable trademark licence free of charge to the person paying the remuneration under Section 20(2) of the Copyright Act to use the "ARTISJUS" trademark in accordance with Chapter III Sections 2 and 3. The use of the "ARTISJUS" trademark in accordance with the Tariff Announcement, unless proven to the contrary, verifies that the remuneration has been paid. The trademark also qualifies as rights management data (Section 96(2) of the Copyright Act) and it may not be removed or changed without authorisation.

2. Carrier of the trademark

The carrier of the trademark is a hologram sticker issued by ARTISJUS with optical security features (i.e. with a hologram) that the person paying the remuneration under Section 20(2) of the Copyright Act is authorised to use free of charge in a number determined by the amount of remuneration collected from this person. The hologram sticker carrying the trademark remains the property of ARTISJUS.

3. The use of the trademark and the hologram sticker carrying the trademark

Persons that have paid the remuneration under Section 20(2) of the Copyright Act have the right and the obligation to place (stick) the hologram sticker carrying the trademark on the blank recordable media before it is distributed. The stickers carrying the trademark shall be delivered to the person paying the remuneration (or, in the case of a non-natural person, to its statutory representative or authorised representative) in person at the registered office of ARTISJUS at 1016 Budapest, Mészáros utca 15-17., or by post to the delivery address specified by the person paying the remuneration. In the case of delivery by post, a foreign delivery address may only be given by a person paying the remuneration who does not have a registered office or place of business in Hungary. ARTISJUS may choose the method of delivery of the hologram sticker carrying the trademark, if the method of delivery requested by the

person paying the remuneration would, in view of the circumstances of the case, involve disproportionate expense for ARTISJUS and the method of delivery chosen by ARTISJUS in comparison does not cause significant disadvantage to the person paying the remuneration. The hologram sticker shall be placed (stuck) directly on the audio or visual recordable media. If this is impossible, the hologram sticker shall be placed on the unopened packaging of the media without blocking other rights management information or other marking of product and in a way that the hologram sticker cannot be removed from the packaging without damage to the hologram sticker. The hologram sticker shall be placed (stuck) on the product without delay after it is received or, in the case of delivery by post, within 5 business days of the date of delivery. The hologram sticker may only be placed on copies for which the remuneration has been paid. It is not permitted to use the trademark in a way other than as described above. Persons that have paid the remuneration may not allow third parties to use the trademark and they may not transfer possession of hologram stickers that have not been placed (stuck) on media to third parties. Neither the person that has paid the remuneration under Section 20(2) of the Copyright Act nor any other person may demand or accept any consideration (value) in exchange for allowing the trademark to be used or for handing over the hologram sticker. ARTISJUS shall only allow the hologram sticker carrying the trademark to be used by the person that has paid the remuneration if the relevant recordable media affected by the remuneration – except for media subject to official seizure under a final decision – are still in the possession of the person that has paid the remuneration. The person paying the remuneration shall provide conclusive evidence of this – and/or, for seized media, of the fact of official seizure – before the hologram stickers are handed over. The effect of the trademark licence terminates when the media is first placed lawfully on the market. The effect of the trademark licence also terminates if the person paying the remuneration fails to accept the media within 30 days of notification of the official decision to return the seized media, in which case the payer of the remuneration shall immediately return the hologram sticker carrying the trademark to ARTISJUS.

IV. Effective period of the Tariff Announcement

This Tariff Announcement shall be in force from 1 January 2025 to 31 December 2025.
